

The NTA was organized in 1949 as an external organization of the Ministry of Finance. The NTA supervises 12 Regional Taxation Bureaus (including the Okinawa Regional Taxation Office, and the same applies hereinafter) and 524 Tax Offices throughout Japan.

There is also the National Tax College which trains tax officials, while the National Tax Tribunal serves as a special body engaged in examining requests for review from taxpayers.

1 Organizational Philosophy of the NTA

The Mission of the NTA is “to help taxpayers properly and smoothly fulfill their tax duties.”

In order for the NTA to fulfill the mission, our duty to carry out is “Realizing proper and fair taxation and collection of internal taxes,” “Sound development of the liquor business,” and “Ensuring proper administration of services by Certified Public Tax Accountants (CPTAs),” provided by Article 19 of the Act for Establishment of the Ministry of Finance.

In order for the NTA to fulfill the “mission” and “duties,” we compiled “future vision as an organization,” which indicates what organization we aim for while managing the organization, as well as “codes of conduct,” which indicates important standards and values for each tax official to perform duties. These are declared to tax officials and announced to the public as the “Organizational Philosophy of the NTA.”

- Constantly review operational procedures by using digital technology, toward simplification of operations and improvement in efficiency. At the same time, promote the use of e-Tax which will contribute to improving taxpayer convenience as well.
- Thoroughly control administrative documents and information.
- Accurately assign personnel corresponding to their experience and abilities, while paying attention to hiring and promoting female staff. To enhance needed specialized knowledge, provide guidance and development measures such as training.

(3) Proper and fair taxation and collection and remedy for taxpayer rights

- Take a strict stance against malicious taxpayers, while protecting taxpayer rights and interests.
- Upon dispositions for taxation and delinquent tax, and then accurately confirm the facts and apply the laws and regulations.
- Systematically work in response to increasingly complex economic transactions etc. Work to enhance the system to collect information, and accurately prioritize issues such as response to the increasing diversity of asset investments and fraudulent refunds for consumption tax.
- For international transactions, exchange information with foreign tax authorities based on tax treaties, and take strict actions towards tax avoidance etc., in which taxation problems are found.
- Promote the enhancement of corporate governance on tax matters through exchanging opinions with executive officers of large enterprises etc. At the same time, reallocate the volume of examination duties to corporations with a high necessity of examination from those judged that the necessity of examination is low including the situation of corporate governance.
- Ensure the proper and prompt handling of review requests, while promoting the development of a review system that is accessible and user-friendly for all.

(4) Proper management of liquor administration

- As the competent agency in liquor business to aim at the preservation of liquor tax and the sound development of liquor business, the NTA endeavors to ensure the proper enforcement of laws and strengthens the promotion of liquor business (especially promoting exports) from the comprehensive perspective that covers consumers and the

whole liquor industry while coordinating and cooperating with related government offices, organizations, etc.

- Make efforts to cultivate overseas markets through distributing information globally, holding international negotiations, etc., to promote the establishment of brands through spreading the use of Geographical Indications (GI), to provide technical assistance to liquor manufacturers etc. and to ensure the safety of liquor among others.
- To ensure fair trade of liquor, conduct a survey of liquor business operators to check the actual state of trading of liquor etc. If a transaction that does not comply with “the Standards for the Fair Trade of Liquor” is detected, we take strict actions including issuing instructions.
- To respond to social requirements, such as countermeasures against health problems caused by alcohol intake and promotion of recycling resources, increase the publicity of the ban on selling liquor to people younger than the age of 20 and recycle of liquor containers etc.

(5) Proper administration of services by Certified Public Tax Accountants (CPTAs)

- Endeavor to coordinate and cooperate with Certified Public Tax Accountants’ Associations as organizations for improving the work of CPTAs, because CPTAs play important roles in the proper and smooth realization of the self-assessment system.
- Work to prevent violations of the Certified Public Tax Accountant Act by CPTAs etc. At the same time, take strict action against CPTAs etc. who violate the Certified Public Tax Accountant Act and so-called “fake CPTAs” by applying disciplinary actions and filing accusations seeking prosecution.

(6) Results evaluation (Evaluation of Policies) and improvement of tax administration

- Provide easily understood information on issues the NTA should work on, on its policy initiatives and its various measures, and on its evaluations and verifications of the results of their implementation. In addition, work to improve tax administration, based on the evaluations and verifications of the results of its implementation.
