For taxpayers who have been granted the special grace due to the influence of COVID-19

## Please be reminded of the date of expiration regarding the grace of tax payment.

## We ask taxpayers who have been granted the special grace of tax payment to check out the date of expiration of the grace and definitely pay the tax by the date.

\* If you cannot pay the tax by the final date of the grace period of the special grace, please consult your district tax office (the tax collection group) as soon as possible since you may be eligible to other grace.

## Please confirm the following points.

- To confirm the final date of the grace period, please see the "Notification of Grant of Grace," which was already sent to you.
- Please pay the tax at a nearby financial institution with a tax payment slip which was enclosed with the Notification of Grant of Grace.
- If you cannot pay the tax by the final date of the grace period, you will be liable to a delinquent tax (interest on principal tax). Additionally, please be informed that you may receive a payment demand letter from your district tax office and be contacted by the Tax Payment Call Center.
- If you are granted other grace, the delinquent tax will be reduced. A new examination is needed to be granted other grace. You may be requested to submit documents for our officials to confirm your circumstances.

# How to pay national taxes

Taxpayers who have been granted the special grace are required to pay their national taxes by themselves by the final date of the grace period. The following easy and convenient payment methods are available. Please use any of them.

If taxpayers who wish to pay taxes in financial institutions do not have a tax payment slip, please obtain the payment slip at the tax office or a financial institution under the jurisdiction of your district tax office and pay tax in cash with the slip.

#### Please use easy and convenient Direct payment!

For details (Japanese language)

回戏集团

- If you have a device that can connect with the internet, you may use online tax payment through e-Tax (the electronic national tax return filing and payment system) from your home or office instead of paying taxes at the counter of a financial institution or a tax office.
- Especially, we are recommending to make Direct payment. It is an easy and convenient online tax payment way in which (1) no need to enter an internet banking contract, (2) no electronic certificate or IC card reader/writer is needed and (3) immediate payment and designated date payment can be chosen.

## You can make tax prepayment (prepayment of tax) for taxes which due dates will arrive from now on.

- If you use the Direct payment, you can register payment dates, tax amounts that are estimated by a final tax return, etc. with e-Tax beforehand during the taxation period, thereby paying the taxes from your bank account on the designated dates by bank transfer.
- You can register multiple payment dates and tax amounts, so that you can pay an equal amount regularly or make payments on the designated dates that are timed for you in light of your income during the period.

#### Guide to online tax payment

- If you use online tax payment, you can pay national taxes from your home or office without visiting the counter of a financial institution or a tax office.
- For details, please see the website of the National Tax Agency (Methods of national tax payment [国税の納付手続] (Japanese language)).

#### Guide to tax payment at convenient stores by QR code For details

 You may prepare and print a QR code including information necessary for tax payment on the "Webpage for creating a QR code to be used at convenience stores" on our website from your home, etc. and can pay national taxes at convenient stores (<u>Only for tax payments</u> of up to <u>300,000 yen</u> in total per slip).

 For details, please access the website of the National Tax Agency (Tax payment at convenience stores (QR code)[ユンビニ納付 (QRコード)] (Japanese language)).
