 $<sup>(\</sup>star)$  There is a system that do not require a final return regarding these incomes (see page 56).

## Note:

	A system whereby tax is calculated in combination with other types of income by a final return.
Separate Self-assessment Taxation:	A system whereby tax is calculated separately from other types of income by a final return.
Separate Taxation at Source:	A system whereby, a certain amount is withheld as tax when income is received; and this completes the payment of taxes, irrespective of other types of income. (A final return cannot be filed.)  In addition to the income mentioned in the above table, income derived from gold investment
	(savings) accounts is also liable to separate taxation at source.
